RESPONSE TO OFFICE ACTION

Mail Stop Amendment—Fee
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In response to the Final Office Action of March 08, 2004, please amend the above-identified application as follows:

07/13/2005 VBROWN2 00000002 194330 10789166
01 FC:2201 300.00 DA

purpose of the raised rib is to facilitate total reflection of the incident light beam, it appears that the width of the raised ribs will be too large to render an accurate measurement of the underlying object. If the raised ribs are made thin enough in order to obtain accurate measurement of the underlying object, what appears at the upper surface of the graduated rule will be very fine light strips spaced with each other by dark areas. That is, the user hardly see anything underlying the graduated rule, such that the measurement cannot be performed using such graduated rule.

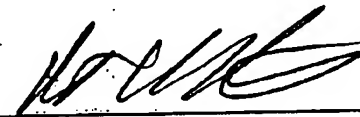

There is thus no reasonable expectation of success of the combination of Lin, Kerry, Sr., Vitek et al. and Fisher; and therefore, the rejection over Claims 43-45, 48 and 49 are respectfully traversed.

Claims 43-45, 48 and 49 were rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over Claims 3 and 8 of U.S. Patent No. 6,799,379.

A terminal disclaimer is respectfully submitted as attached. The rejections over Claims 43-45, 48 and 49 are thus overcome.

In view of the foregoing, the application is believed to be in condition for allowance. Entry of the amendments and issuance of a Notice of Allowance is therefore respectfully requested. Should the Examiner have any suggestions for expediting allowance of the application, please contact applicant's representative at the telephone number listed below. If any additional fee is required, please charge Deposit Account Number 19-4330.

Respectfully submitted,
